2. [REDACTED] called about the R&R Program for the [REDACTED] Station, and I agreed to get together with him and [REDACTED] one day next week to resolve this question.

3. [REDACTED] buzzed to say that [REDACTED] had tipped him off that General Taylor would convey to General Cabell at tomorrow's Special Group meeting the President's wish that there be no fanfare in connection with our move to the new building. I told Frank that I could assure General Cabell that we would make the move as quietly as possible and that no ribbon-cutting or other ceremonies were planned.

a. He feels that the Support Officers in the DD/P Area are doing well with the possible exceptions of [REDACTED]. He believes that if we have an opportunity to move either of them to other places we should do so. While there is nothing definite against either one and their Fitness Reports continue to be good, Vernon believes there is a general feeling that they are substandard and that it would be to everyone's advantage to place them elsewhere if we can.

b. He also talked to me about [REDACTED] who is eligible for retirement under our criteria. He is pessimistic that she is going to be able to find anything. [REDACTED] is also eligible and [REDACTED] is also eligible for outside employment before too long.
